Environmental Policy Statement

Rockwell Automation is committed to demonstrating the highest standard of global environmental management. Our policy is to go beyond strict regulatory compliance and to act in the interest of the communities in which we live and work. We are committed to the continual improvement of our environmental management system and performance, including resource conservation and pollution prevention. We relentlessly strive to be the best in all aspects of environmental management by fostering a culture of trust, teamwork, accountability, partnership and communication with employees, suppliers, customers and outside organizations.
