

FOR IMMEDIATE RELEASE

Rockwell Automation Names Gray Solutions Platinum Partner

Growing System Integrator Now Top 1% in Network Delivering Cutting-Edge Automation Solutions

Lexington, KY – November 2, 2023 — [Gray Solutions](#) is proud to announce that it has achieved Platinum Partner status within the Rockwell Automation PartnerNetwork™.

This recognition from Rockwell Automation, the world's largest company dedicated to industrial automation and digital transformation, signifies that Gray Solutions has not only met but exceeded the stringent competencies, capabilities, and achievements. It reflects the company's ability to consistently deliver cutting-edge solutions tailored to the unique needs of its customers, fostering lasting relationships built on trust and innovation.

"Platinum status is achieved by invite only and is the highest level of partnership within the Rockwell Automation System Integrator Partner Program. It is an exclusive recognition reserved for less than 1% of our partners, and we are proud to welcome Gray Solutions into this designation," said Don Shoemaker, Regional Vice President, North America Market Access, Rockwell Automation.

Gray Solutions, founded in 2018 has rapidly grown to become a leading system integrator in the industry. Earlier this year, the company was honored with the title of Rockwell Automation's System Integrator of the Year and also received the Rockwell Automation Ecosystem Award.

Walker Mattox, Founder & CEO of Gray Solutions, expressed his excitement about the Platinum Partner status, stating, "This is an incredible honor for us and reflects the important work we are doing for our collective customers now and in the future. It also exemplifies the curiosity-driven spirit of our Solutioneers, who are always pushing the boundaries and innovating, never settling for 'can't.' We are proud that Rockwell sees that in us and has given us this honor."

In addition to being part of the Rockwell Automation PartnerNetwork, Gray Solutions is also proud to be a part of the [Gray Family of Companies](#), collectively offering EPC (Engineering, Procurement, and Construction) Turnkey Solutions. Recently, Rockwell Automation acknowledged this important capability by naming [Gray Construction](#) as an EPC Partner in its PartnerNetwork. The EPC Partner Program is designed to bring together Rockwell Automation's extensive industrial expertise and a select group of EPC companies to deliver cutting-edge automation and digital solutions to customers worldwide.

As Gray Solutions continues its journey within the Rockwell Automation PartnerNetwork, the company remains dedicated to its mission of serving customers with a trailblazing approach driven by ingenuity and experience. With a focus on customer-centric solutions, Gray Solutions aims to continually provide innovative solutions, helping customers discover what's possible.
